Don't risk it with unreliable equipment.

As a contractor, you never know where the road ahead leads - millings, construction sites, permeable pavement, general municipal sweeping. One thing is for sure, you need a sweeper you can count on and a company that backs it up. Elgin Sweeper products are reliable work-horses, with nationwide factory trained dealers for service, parts and training - day in and day out.

Elgin sweepers can help boost your business and your reputation. For a demo or to learn more, call your Elgin dealer or visit elginsweeper.com.
