

Part of the new extreme-duty "Aggressor" OEM product line from Elgin

## Elgin® Sweeper Aggressor Conveyor Belt

The new Aggressor Conveyor Belt is part of Elgin's line of extreme-duty replacement parts designed for longer performance and service. The Aggressor Conveyor Belt employs not one, but two layers of high-strength polyester inner fabric that is less prone to stretching or breaking. The inner belt is then married to a high-wear rubber covering that provides excellent durability under all operating conditions and environments.

### For use with:

- 1075632 Pelican 2-ply Aggressor Conveyor Belt
- 1075633 Eagle 2-ply Aggressor Conveyor Belt

### Features and Benefits:

- Greater belt strength
- Increased cut, tear and rip resistance
- Better puncture resistance
- Minimal/decreased belt stretch
- Reduced replacement labor cost
- OEM quality for a perfect fit
