

Part of the new extreme-duty "Aggressor" OEM product line from Elgin

Elgin® Sweeper Boron Steel Dirt Shoes

Abrasion-resistant beyond normal steel, this rugged sweeper dirt shoe is made from patented Boron steel — the same high abrasion-resistant steel used in the mining industry — and designed for use on Elgin sweepers. The unique blend of high alloy steel and a custom hardening process provides optimum wear and performance far superior to standard steel shoes.

For use with:

- 1071156 Broom Bear Standard replacement
- 1075828 Broom Bear Aggressor XL oversize
- 1075829 Eagle E & F Standard replacement

Features and Benefits:

- Tested to 2 1/2 times the wear life of standard steel shoes
- Reduces shoe replacement labor cost
- Less expensive than replacement Carbide dirt shoes
- Reduces road surface damage often common with a carbide product
- OEM quality for a perfect fit
- In stock and readily available
